Himachali Wedding

DECEMBER 2020

The Himachali marriage is filled with fun and cultural rituals which will make you curious! Himachali wedding traditions are very simple yet extremely meaningful. I agree all parts of India have their own beautiful traditions, but there's something about a Himachali wedding and the experience a Himachali bride goes through that has always made it a little more fascinating for us. One of the biggest traditions for a Himachali bride is buying her Dogra Nath, the traditional nose ring that all Himachali brides wear with pride.
